

WELLSPRING

Wellspring is Main Line Health's new intranet. It serves as a central hub for internal communication as well as knowledge management and resource portal by providing MLH users with information on and access to applications, policies, benefits, updates, and other information. We hope Wellspring serves as a valuable resource as you continue to make Main Line Health the best place to give and receive compassionate, human care.

WELLSPRING

Wellspring. This menu will appear no matter where you are in Wellspring.

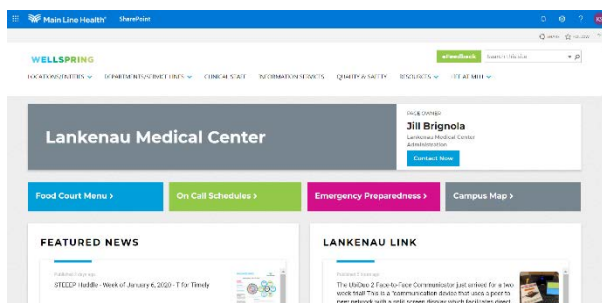

The search bar is located in the top right corner. There is a drop down arrow that will give you categories such as Everything, People, Conversations and This Site.

Make sure when you are typing something into the search bar, you pick a category where the information will be located.

This Site indicates that the search will be located on the individual site. Everything indicates that the search will be anywhere on Wellspring.

Click on Locations/entities, this has a drop down menu where you will find pages for some of our locations and entities along with a directory listing of all Main Line Health locations.

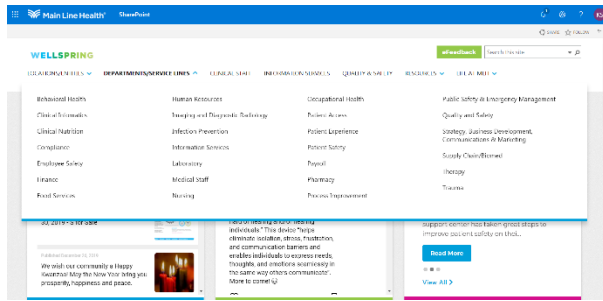

On a location page, you can find useful resources, including cafeteria menus, on call schedules, and events happening at that location.
